Elegant Motorised screens

High quality motorised screens, suitable for home-cinema and professional use. The main features are the elegant and unique design, the high standard construction level, the quality of the raw material used and the attention for the details. The aluminum lateral caps follows the rounded shape of the case, the wall / ceiling brackets are freely positionable along the case width and completely disappear behind the case when mounted. The lower bar when the screen is rolled up close completely the case, avoiding the dust. Elegant screens can be produced with a wide range of surfaces, with or without black borders. The electric wall switch is standard supplied, while the radio remote control is available on request.
