## Inceeling Tensioned

Motorised screens

Invisible screen, completely hidden in the false ceiling when closed. Inceeling Tensioned is the right choice for all the environments where aesthetics is the primary need, in fact the projection surface comes down and it is visible only when it is used.

The screen is easily installed thanks to the exclusive easy-cut system: an adhesive stencil gives the right measure of the portion of the false ceiling to cut. The ceiling mounting kit allows a to install the screen at the right distance from the ceiling, up to cm. 100. The tab tensioning system ensures the perfect planarity of the projection surface, even after many years of use.

- Screen totally hidden in the false ceiling.
- Lateral tab tensioning system for a perfect planarity of the projection surface, even after many years of use.
