

Protection screens

Fully customizable

Multiple solutions available: for desk or self-standing, with and without opening for papers and credit cards, fixed or removable. Luxi protection screens are made with ultra-light silver-colour aluminum and shockproof transparent polycarbonate. Sizes are fully customizable to answer every need.

- Silver ultra-light aluminum frame
- Shockproof transparent polycarbonate
- Totally customizable sizes
- Multiple configuration: for desk with and without opening, with fixing kit or stand-alone feet; self-standing with wheels or to be fixed to the floor, to create partitions in offices and production environments.
