

Digital Tutor 32"

Interactive flat panel on stand
with integrated wheels

Rotatable monitor in horizontal and vertical mode

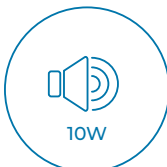

HS3210NC

Zero Gap technology for sharper
images with improved contrast
and reduced glare.

Capacitive touch screen
Anti-glare tempered glass

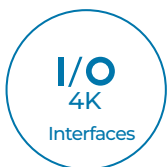

Integrated stereo speakers 10W x 2
Total power of 20W

Integrated Wi-Fi and battery
enable a wireless solution.

Octa-core processor
6GB RAM, 128GB ROM

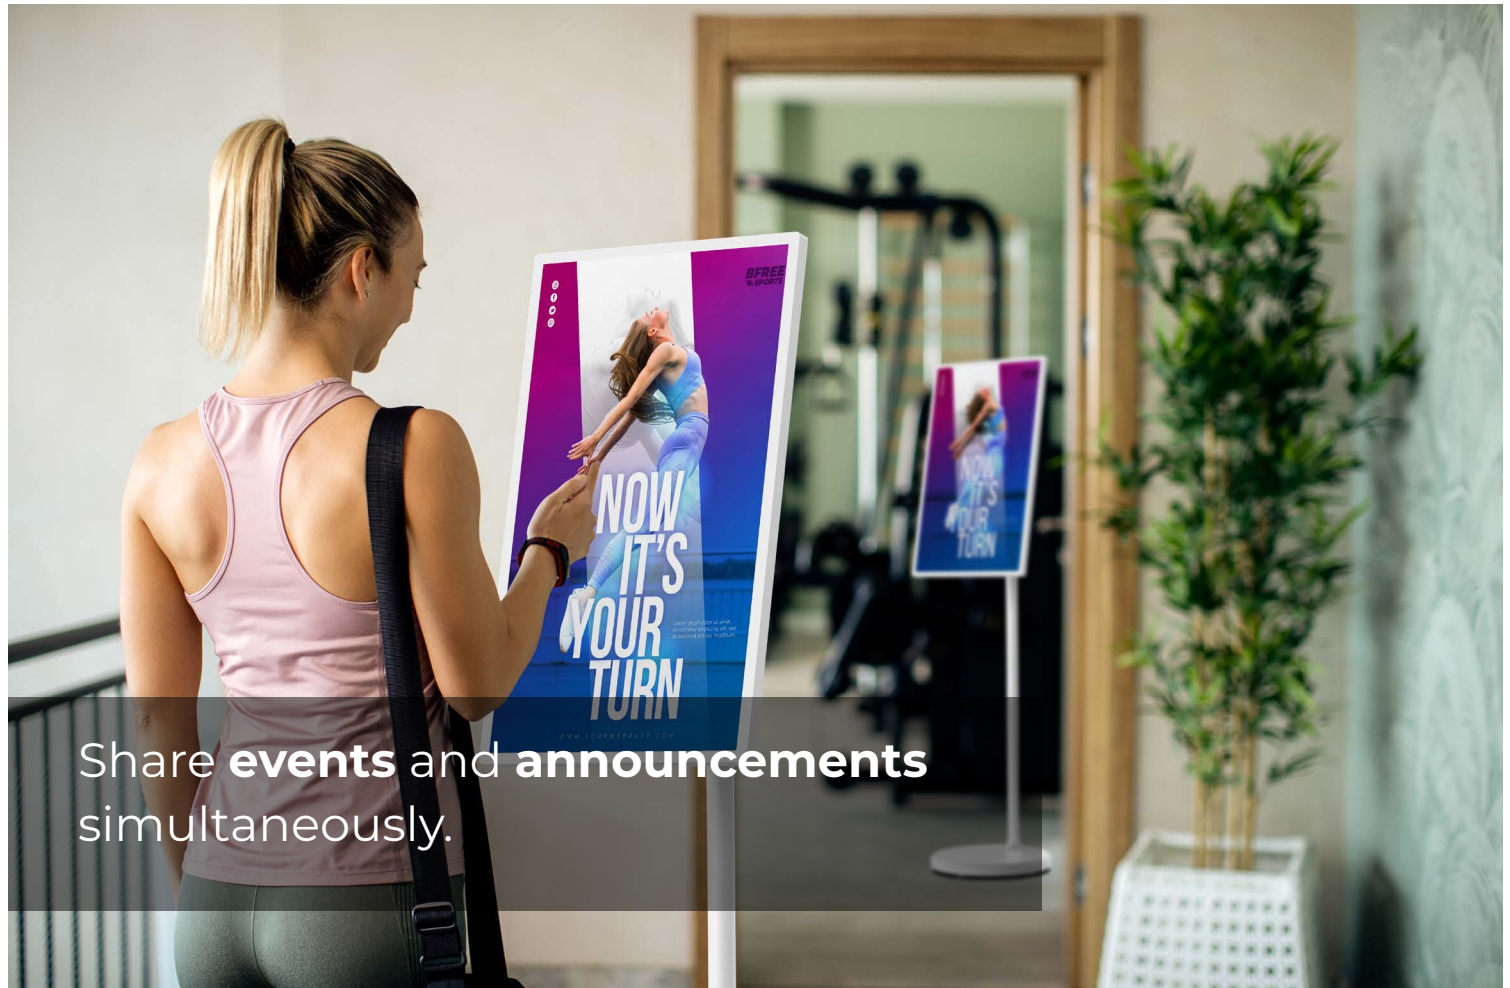

2x USB-A 2.0
1x HDMI in

Create workgroups
quickly and easily.

Keep your students updated with an **interactive bulletin board**.

Full Wireless

Place **Digital Tutor** wherever you prefer.

Wi-Fi

The presence of integrated WiFi makes this product a completely wireless solution.

Built-in battery

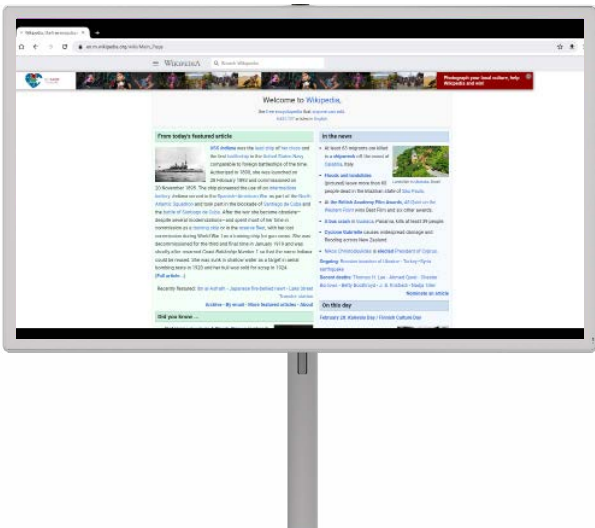

Up to **4 hours** of usage with a single charge.

Powerful speakers

Everything fully integrated for perfect audio, without the need for cables, external speakers, or remote controls.

Wheels

Integrated 5-wheel system that allows the Digital Tutor to be easily moved. It offers numerous advantages in terms of flexibility, mobility, and space optimization.

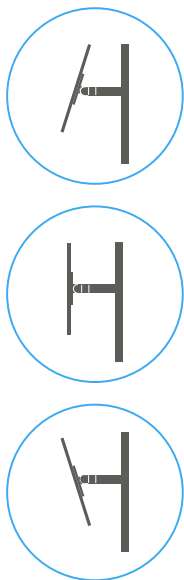

Responsive for all types of content

The integrated rotation sensor allows the Android operating system to easily adapt to your needs. Whether sharing videos or worksheets, choose the most suitable orientation.

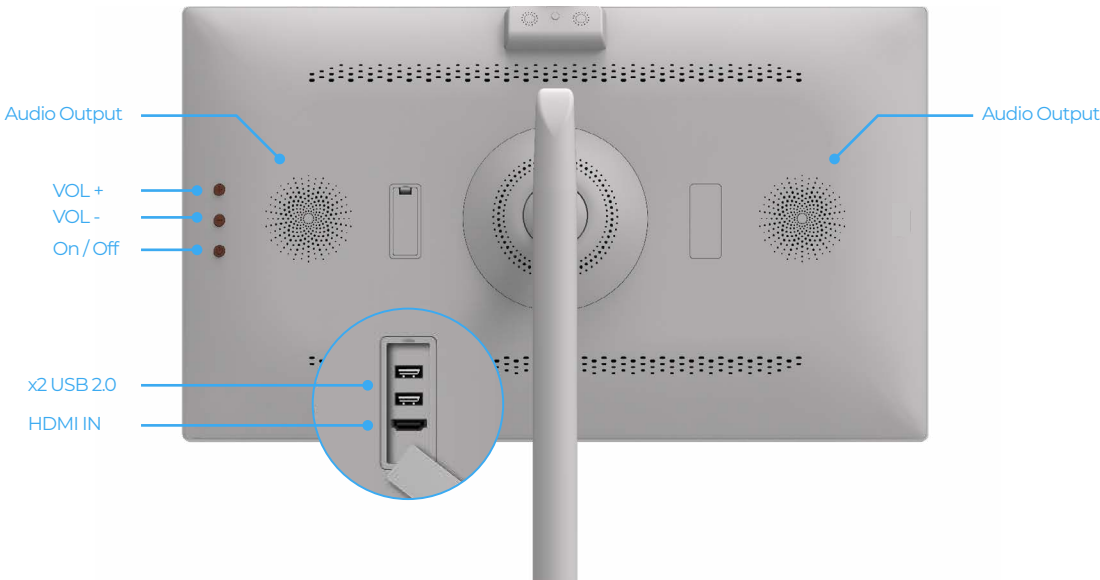

Visible from all heights

Thanks to the height and tilt adjustment, finding the optimal viewing angle is a breeze. The monitor is adjustable for both **horizontal and vertical** viewing.

Adjustable **tilt angle**

Adjustable **height and tilt**

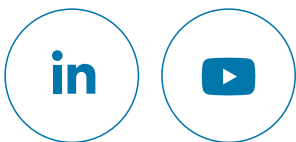

The input and output interfaces are within reach, allowing you to connect your devices quickly and intuitively.
